Getting way off the beaten track

Memories are what make life worth living. And with a Bailey motorhome, you're free to get out and discover new memories whenever you like. Whatever the time of day, whatever the weather, the world is waiting for you. You could be making some extra special memories very soon...

Feeling as free as a bird

When you realise you don't need to follow the map, but just go where the road takes you, pulling over on the way to marvel at an incredible view. Then you arrive at a magical destination that you weren't expecting at all. Every moment in a Bailey motorhome becomes a memory to look back on.

“ Spending
lazy
AFTERNOONS
by the
LAKE! ”

There's no need to plan, just go. Motorhomes make the journey so much easier. We've taken that philosophy and applied it to every last detail in the Bailey Advance.

From under-floor storage through to overhead lockers, low-level night lights to soft, tactile upholstery, the Advance gives you everything you need at your fingertips. So you can take it easy as you go and then relax and unwind once you've arrived.

Nothing should stop you from getting out there and exploring. Certainly not the weather. Your Bailey Advance comes with a rapid interior heating system to keep you cosy and warm inside, whatever's going on outside.

There's an ultra-fast Whale hot water heating system too, so you can quickly feel refreshed and reinvigorated after a day out in the open air. Once you're showered, why not prepare your favourite meal and sit down to gaze out at the scenery as you wait for it to cook.

-  80Ah leisure battery, to give greater independence away from mains power
-  90 litre on-board fresh water tank
-  Italian design overhead locker doors with a dual-finish and push button catches

Sound AND VISION

“All the excitement of a holiday WITH ALL THE comforts of HOME.”

Just because you're on the open road doesn't mean you should compromise on the entertainment. We worked with specialist sound technicians to create a choice of systems that will blow you away!

You can choose between two optional packs to customise your space, your way. For a small extra charge, our Media Pack comes with a Waeco reversing camera, 19" HD Avtex TV and DVD player, along with a telescopic digital aerial.

While Media Pack Plus bathes you in sound, with speakers in the doors and lounge and even a portable Bluetooth speaker.

Media Pack Plus also gives you all the information you need at your fingertips thanks to a touch-screen head unit. It also includes an additional 24" HD TV and DVD player and a reversing camera to keep you safe.

COMFORT YOU dream ABOUT

Our award winning DreamSleep cushion system gives you the best of both worlds. During the daytime, multi-layered cushions and shaped backrests create the same comfort you'd enjoy on the sofa at home.

Then in just a few quick movements, the seats transform into a spacious and luxurious double bed. As the seats are multi-layered you won't need to use the backrests. The bed fabric is fully breathable, so air flows through the system, keeping any moisture at bay.

A *pleasure* TO DRIVE

Crash testing

At Bailey we never compromise on comfort. So our motorhome cabs are as comfortable as the living space behind them. Each vehicle in the range is powered by a 2.0 Blue Hdi 130bhp or 160bhp engine, along with a 6-speed manual gearbox. That means powerful performance for the journey and easy handling for you.

This is a cab where you can feel safe and secure. This is thanks to the ultra-low profile AL-KO AMC chassis which creates a low centre of gravity, making handling easier and braking more efficient. Getting in and out of the cab is easier too, thanks to the low-level entrance step. All our motorhomes come with driver airbags as standard, plus, all Autographs have passenger airbags, Air Con and cruise control too. A passenger airbag and Air Con are available as optional extras on Advance.

Choices, choices WHICH MOTORHOME SUITS YOU?

Our handy comparison table helps you choose the right model, to make wonderful memories that last a lifetime.

A LITTLE BIT ABOUT BAILEY

It's a big *family* adventure!

We love holidays! That's why we go the extra mile to make sure that our customers have some truly memorable experiences. Whatever motorhome you travel in, we're here to provide all the equipment and support you need to make every holiday a success.

The Bailey journey began in 1948, when Martin Bailey started designing and building caravans in his garage in south Bristol. Martin wanted to make vehicles that he himself would love to holiday in.

Martin's first caravans struck a chord with holidaymakers across the UK and Bailey became a thriving family-run business. Since those early days, we've helped tens of thousands of families get out there and create some lasting memories to treasure.

Bailey is still a family business today, run by people that are equally as passionate about helping create the perfect holiday for you.

Through our wealth of experience in leisure vehicle production and design, we're inspiring a whole new generation of people to make memory after memory in our vehicles.

Our *precious* MEMORIES from 1948 to 2017...

DESIGNED WITH YOU IN MIND

The best design starts with *people*

A designer needs to know what people want. What they'd like to change. And what they'd love to see.

We regularly involve our customers and get their feedback on our designs. That way we can make sure that every new model or redesign ticks all the boxes to create an ideal home from home.

Once we're confident we know what you want, we thoroughly evaluate every element of our new designs through one of the industry's most comprehensive test programmes. By seeing how our products perform in places as diverse as the Swiss Alps and the Australian Outback, we can be sure that they are capable of taking you on your own adventure.

The design dream team

To create the ideal motorhome takes teamwork. Our designers work closely with some of Europe's leading manufacturers to source the components that make every Bailey truly special. As a result, all our motorhomes are built on an AL-KO AMC ultra-low profile lightweight chassis and Alu-Tech bodyshell and are fitted with Alde or Whale heating systems, Dometic refrigerators and Thetford ovens. Only the best is good enough for Bailey.

MANUFACTURING IN BRISTOL

Leading the way in manufacturing

Perhaps it comes from those wide open horizons out on the road, but at Bailey we're known for our blue sky thinking. Take our factory, for example. We've mechanised our production line to make sure our technicians can spend their time working on the vehicles rather than having to manhandle them around the plant. That means we can keep our manufacturing costs down and pass on the savings to you, our customers.

WE'RE SO
proud
OF OUR FACTORY...

Bailey
Owners Club

Join the BOC to enjoy exclusive tours of our factory and meet the people who designed and built your motorhome.

We've been clever with our parts too. By keeping our component stock levels to a minimum we bring our overheads down and make manufacturing more efficient. Again, that means we pass on great value to you.

Our skilled technicians take real pride in what they do. We do not incentivise them to work faster, instead we encourage them to take their time and focus on making each motorhome as good as it can be.

OUR TECHNOLOGY

A Alu-Tech
Bodyshell

Alu-Tech means you *can*

You want your motorhome to be a real home from home and we quite agree. That's why we incorporate the latest design technology into our vehicles to ensure every holiday you take is a pleasure.

Leading the way

Our Alu-Tech bodyshell is seen by many as the most important development in leisure vehicle design in recent times. We wanted a construction system which made motorhomes more robust and durable than existing vehicles, to keep owners comfortable, safe and secure all year round.

Features of Alu-tech

- 1 High density polystyrene core
- 2 Composite plastic extrusion
- 3 Bespoke Alu-Tech rail
- 4 Structural fixing bracket
- 5 GRP (Glass Reinforced Plastic) outer and inner skin

SUPER STRONG AND
robust
TO KEEP YOU SAFE.
You can rely on our
Alu-Tech technology

To meet this challenge, our designers created something truly ground-breaking. A patented aluminium external framework clamps the bodyshell panels together to create a shell that is so much stronger than anything that has gone before. Fewer external joints and fixing points make this shell more weather proof, while significantly thicker panels provide better insulation to keep you warm in the winter and cool in the summer.

When you consider these benefits have been achieved without a price or weight penalty, you can begin to see why Alu-Tech motorhomes are so special.

“Snuggling
up, sharing
A STORY.”

JOIN THE CLUB

If you're *already* an owner

Once you've purchased a Bailey you're already part of an exclusive club. So why not go one step further and join the real thing?

The Bailey Owners Club is completely independent from Bailey of Bristol and is designed to help people get the best out of their Bailey caravan or motorhome. There are members all over the world and there's even a 'Little Bees' section for younger holidaymakers!

Join the club and you'll receive invitations to low-cost weekend events and rallies across the UK, often at exclusive venues. Plus discounts on longer holidays in the UK and abroad, as well as online discounts at www.baileyparts.co.uk. You'll even have a unique chance to come and tour the Bailey factory to meet the people who created your motorhome.

We hope you'll *love* motorhome holidays as much as we do!
